London, June 18.—The Russian war office, in review of the recent fighting in Galicia, asserts that the Austro-German advance has been made at great cost.

In two days fighting near Stry, the Teutonic forces are said to have lost "tens of thousands of men."

On one end of a section of thirty-eight miles, between May 29th and June 15th, their losses are placed at between 120,000 and 150,000.

Reports from Berlin and Vienna, however, indicate that the Russians are being pushed back steadily all along the front. The latest communication from the Austrian war office says the Russians are nowhere able to resist their opponents.

FIERCE FIGHTING ON THE
WESTERN FRONT

The heaviest fighting for several weeks is now in progress on the western front, in consequence of new attacks by the French and British. Each side is sustaining severe losses, but it appears evident that the French have made some gains in the district north of Arras.

NO NEWS FROM THE DARD-
NELLES

No definite news comes from the Dardanelles, but the drop in Russian exchange is believed by some to portend favorable news for the allies.

Brave Canadian who Wrecked Ger-
man Zeppelin Killed at Buc

Paris, June 18.—Lieutenant Reginald A. J. Warneford, who recently gained fame by blowing to pieces a Zeppelin over Belgium, was killed yesterday by a fall in his aeroplane at Buc, France.

Warneford was piloting the machine and Henry Needham, an American writer, was riding with him, and was also killed. They fell from a height of five hundred feet. Warneford had come here to receive a decoration of the Legion of Honor. According to reports reaching Paris the accident resulted from an explosion in mid air which caused the lieutenant to lose control, his machine dashing to earth. Needham was here as a magazine writer and correspondent for a New York newspaper.

Warneford, a young Canadian lieutenant in the Royal Army, had acquired world-wide renown by destroying a zeppelin on June 7th. This was the first time on record that a zeppelin had been wrecked by an aviator in an aeroplane. By a brilliant flight Warneford obtained a position above the zeppelin and dropped bombs on it. The zeppelin dashed to the ground and burned up, killing the twenty-eight members of its crew.

PEDRICK-CRAWFORD

Mr. J. C. Pedrick of this city and Miss Leila Crawford of Tavares were married in the latter city Wednesday. Both are well known here. Miss Crawford having lived in Ocala for over a year just before returning to her home in Tavares. The marriage was somewhat of a surprise to their Ocala friends. They will make their home in Ocala, having returned yesterday from the capital city of Lake county.

The Star supposes that the gentleman who runs the pool room on North Main street has never heard that it is against the law, not only for minors to play in a public pool room, but for them to be in it. Minors are seen in his place frequently. There were three or four young fellows in it last night, one who is not more than 18 years of age, and the others under 20. The boys should not impose on a pool room proprietor in such a fashion. Every time he lets one of them play, he is liable to a heavy fine, and if the boys represent themselves as over 21, they are also liable to prosecution. Ocala pool rooms are becoming rather careless, and the first thing they know Sheriff Galloway will give them a grand shake-up. Later: The sheriff read the riot act to this particular pool room this morning, and the proprietor will be more careful in future.

MEXICAN DIGNITY
WILL BE MAINTAINEDPuppet of Villa-Zapata Faction Tries
to Answer the President

(Associated Press)

Washington, June 18.—Francisco Lagon Chazare, latest president of the Villa-Zapata faction of Mexico, today replied to President Wilson's statement, by challenging the consistency of the president's declaration with his Indianapolis speech, in which he said he had no disposition to interfere with Mexican affairs. Chazare adds that he believes the president's statement is intended to help Mexico "in a friendly way," and that if the president's declaration is to be construed as a threat, the convention government "will maintain the dignity of the Mexican people."

BELLEVUE BOYS

ARE A LIVE BUNCH

In Yesterday's Game They Came Near
Defeating Ocala

After completely shutting out the crack Gainesville team, the Ocala boys became a little bit careless, consequently they came very near being beaten yesterday by the comparatively obscure team from the little town of Bellevue.

Because they live in a little town is no reason, however, why young men can't be good ball players, as Bellevue proved yesterday. The game was one of the closest and most exciting of the season. At the end of the first inning everybody thought it would be a runaway for Ocala. Bellevue had never passed second in their half of the inning, while Ocala landed on the ball and scored four runs. But after this, Harris seemed to let up and throw them easy, while Bellevue settled down to playing. In the fourth Bellevue scored their first run by Overmeyer's stealing every base he saw in the distance. He did this every time he reached first and scored three of Bellevue's six runs. In the sixth Bellevue again scored, when Overmeyer ran free on the bases.

In the eighth inning it looked as if Bellevue would run away with the game instead of Ocala. With a few long hits combined with errors the Bellevue men raced around the bases and finally when they were put out the score stood six to four in their favor.

In Ocala's half of the eighth they made a desperate attempt to tie the score but only put one run across. Zewadski landed a double to center, was sacrificed to third and stole home when the third baseman dropped the ball.

After holding Bellevue in their half of the ninth inning Ocala came up for their last chance. Bullock grounded and Harris walked. Batts came up ready to hit it or die. The first ball thrown he landed out to the fence, and it fell foul by a few feet. Then a strike was called on him but only made him more determined to hit it. The next ball over he landed to the bottom of the left field fence and never stopped until he reached third. Harris scoring before him. Batts scored on Chazal's sacrifice, and the game was over.

Rev. J. G. Glass will return tomorrow from Sewanee, Tenn., where he has been attending commencement at his alma mater, the University of the South, being a member of the board of trustees. Bishop Cameron Mann, also a member of the board, has been in Sewanee on the same mission.

Mr. Phil Robinson came up from Inverness last night for a short visit at home.

Dr. J. N. McElroy of Orlando will let the contract shortly for the erection of two two-story business blocks in his home city. In one building his son, Dr. Sylvan McElroy, will have a suite of rooms. The buildings are to be modern in every detail and Dr. McElroy's office rooms are to be equipped with the latest and most modern appliances belonging to a physician's office.

If he says anything about "sweet things" just answer "Norris." He'll know what you mean and he also knows that the Court Pharmacy is the only place in Ocala that sells it. 6t

PLAN IS PERFECT

ALL MR. BRYAN HAS TO DO IS
INDUCE THE ENTIRE WORLD
TO AGREE TO IT

(Associated Press)

Washington, June 18.—Former Secretary W. J. Bryan, in the third and concluding section of his statement on the European war made public today, "suggests mediation as the 'way out.' As a preventative of war Mr. Bryan proposes an universal extension of his investigation commission peace treaty plan. Under it a year's time will be given for an investigation and report before the nations engaged in a dispute would declare war.

CHARGED WITH A
TERRIBLE CRIMEJohnson's Wife and Son Held by the
Coroner's Jury

(Special to the Star)

Coleman, June 18.—The coroner's jury which has been investigating the death of Dr. W. C. Johnson, which occurred here Monday, June 7th, yesterday afternoon rendered a verdict of guilty against Mrs. Johnson, wife of the murdered man, and his son, William. Both have been confined in the Sumter county jail at Bushnell without bond, to await the action of the grand jury at the next term of the circuit court.

A NEW DEPARTURE

Theus Brothers have purchased the dwelling house just south of their furniture store on Magnolia street and are now having it put in shape for a repair shop in connection with their furniture business. Large platforms have been erected on the east and west sides of the building for use in this department. These platforms are principally used for renovating purposes. The repair department will be in charge of Mr. Fife, who is an expert furniture man and cabinet maker.

It is also the intention of Theus Brothers to conduct an auction sale occasionally to stimulate trade. The upper floors of the made over building will also be used as a show room for second hand furniture and household goods.

Theus Brothers are hustlers and if there is any business going they are sure to get their full share of it.

NOTICE TO CANNING
CLUB MEMBERS

Ocala, Fla., June 14, 1915.

My dear Club Members:
There seems to be some little misunderstanding in regard to the glassware to be used as containers for exhibits at the annual contest.

It is my desire to assist my girls in making their contest exhibit the best which can only be done by having the very best products displayed in uniform containers.

Therefore, we, the agents of Florida (assisted by Miss Powell of Washington) have adopted what was considered the most practical and attractive glassware for the purpose.

One barrel of this glassware can be divided between a number of girls, making the total cost for each member only a few cents.

If however some of my girls do not feel they can get this special glassware I hope they will feel free to write me at once and let me advise them in their choice of classification for annual contest.

Sincerely your friend,

Caroline H. Moorhead,
Agent of Marion County.

BULGARIA AGAIN
READY FOR BATTLEIt is Much Better Prepared than It
was Three Years Ago

(Associated Press)

Sofia, Bulgaria, June 18.—The Bulgarian army is now far better prepared for war than it was for the Balkan war of 1912. It comprises four divisions of 120,000 men ready for action, with another ten divisions of 300,000 men of first line reserves, who could be mobilized in a few days. If necessity should arise, this force could be more than doubled.

Bulgaria's entry into the war as the foe of Turkey would relieve pressure on the Allies to the south. Adrianople, which the Bulgarians were forced to hand back to the Turks after the last Balkan struggle, has been denuded of its arms for use in the Dardanelles campaign. This ought easily to fall to the Bulgarians, who could then cross down to Rodosto on the sea of Marmora. This would cut Constantinople off from Keshan, where the Turks have concentrated their forces for the operations on the Gallipoli peninsula. At least, the Turks would be reduced to communication by sea.

Bulgaria no longer demands Salonika. Her claims are small compared with those of other Balkan nations, being confined to the really Bulgarian portion of Macedonia with Kavalla and its natural outlets on the Aegean Sea.

GOT AWAY WITH
THE LONG GREENStack of Registered Money Carried
Off at Plant City

Plant City, June 18.—A package containing \$1,000 in currency, consigned by the Citizens Bank of Barrow to the First State Bank of Zephyrhills, was taken from a registered pouch at the union station here Tuesday night. Nothing else in the pouch, which contained other valuable matter, was disturbed.

The robber or robbers secured the package by breaking a window of the baggage room at the station and entering through it.

Officials all over the United States are looking sharp for the man Butler, accused of the murder of Adam Boggs and his daughter at Coconut Grove last year. There was a man answering the description on Sunnysim on the return trip from Lakeland last night. He was spotted by Conductor Perkins, who telegraphed Sheriff Galloway, and that officer boarded the train at the junction and took the man off. The man, however, proved to be Frank Humphreys of Lafayette county, and was released.

PEDRO

Pedro, June 17.—Farmers are busy shipping tomatoes, cantaloupes and melons. Mr. Alf Proctor shipped a fine car of melons Thursday, the first that was shipped from Pedro. He expects to load another car Saturday.

Rev. Rogers of Bushnell preached Saturday night, Sunday and Sunday night. His sermons were enjoyed by the whole congregation and we hope to have Rev. Rogers with us again soon.

Mrs. Alf Proctor left for Hawthorne Tuesday to visit her brother, Mr. Jim Leitner.

Mr. and Mrs. T. C. Connell were Ocala visitors Wednesday. Mrs. Connell expects to stay several days with her sister, Mrs. W. S. Perry.

Several from here attended the picnic at Charter Oak Saturday, and reported a nice time.

Mr. and Mrs. M. L. Proctor and Mr. and Mrs. Will Lucius visited Mr. and Mrs. Alfred Proctor Sunday.

Mrs. John Vanderhook of Sanford, who has been visiting her sisters, the Misses Snow, returned home Thursday.

Mr. and Mrs. Orville Ogil of Levon visited Mr. and Mrs. J. C. Perry Sunday.

Miss Katie Proctor was in Ocala Monday, having dental work done.

SWEDEN IS SORE

MAKES COMPLAINT TO THE
UNITED STATES ABOUT IN-
TERFERENCE WITH
MAILS

(Associated Press)

Washington, June 18.—Sweden has filed her first protest involving interference with mails since the European war started. The Swedish ambassador today presented a letter to the state department, charging that the United States mail pouches for Sweden have been opened in England, letters censored and some registered unit retained. Sweden cites two specific instances and claims such acts violate the world's postal convention. Sweden asks appropriate action.

State department officials would not indicate the course they will adopt. It is thought the United States will make representations to Great Britain and ask that United States mail in British territory be guarded.

WIND AND RAIN IN THE WEST

Several Dead and Others Injured by
Tornado Near Kansas City

SUMMER TOURS BY SEA

Merchants and Miners Transportation Co. Issues Attractive Summer Tour Book

The Merchants and Miners Transportation Co. has issued an attractive Summer Tour Book, setting forth the delightful summer tours afforded by its steamship lines.

The routes show a combination of the sea-trip on one of the steamers, with other steamer and rail lines, to the principal summer resorts of the United States, Canada and the Maritime Provinces.

The book is profusely illustrated with photographs of the cities of Boston, Providence, Philadelphia, Baltimore, Washington, etc., as well as the principal summer resorts and contains a list of points of interest and the principal hotels at various points, also several useful maps.

The book can be secured gratis on application to W. P. Turner, General Passenger Agent, M. & M. T. Co., Baltimore, Md.

HAS A GOOD MAN
RIGHT AT HOMEPresident Will Probably Leave Lansing
in Charge of State
Portfolio

(Associated Press)

Washington, D. C., June 18.—President Wilson, it was learned today, has no intention of going outside of his fiscal family to find a secretary of state. He wishes to appoint one who is already familiar with the foreign questions pending. It is said that Robert Lansing, acting secretary of state, is the foremost person under consideration.

BAND MEN ARE BUSY

Industriously at Work Trying to
Build Up the Organization

At the recent business meeting of the Metropolitan Band, the following were elected officers:

Dr. F. E. McClane, manager.
Prof. L. P. Booe, director.
B. F. Borden, secretary.

The band contains some twenty to thirty members, over half of whom are veterans, and they are working toward re-establishing summer concerts. All they need for the purpose is money enough for expenses. Money for this purpose has been steadily contributed for several summers by the comparatively few, while the many who have obtained the greatest good from the concerts, have never chipped in a cent. If the people at large would contribute from a dime to a quarter apiece, the necessary money could easily be raised.

SUFFERING FOR DIAZ'S SINS

Americans at Esperanza, Mex., are
Threatened by Yaqui Indians

San Diego, Cal., June 18.—With three companies totalling 300 men of the Fourth Regiment United States Marine Corps, aboard the flagship Colorado, Admiral Howard commanding, sailed from San Diego yesterday for the Lower California coast.

Recent advices here say that American colonists at Esperanza, 200 miles below the border, after standing off one attack of Yaqui Indians, are hemmed in and threatened by another. The Yaquis have declared their independence, and are fighting to recover lands taken from them under the Diaz administration.

A battery of four rapid-fire field guns and two automatic guns are aboard the Colorado. Of her 850 officers and men, a force of 500 blue-jackets, in addition to the marines, will be available for landing duty. Admiral Howard expects to arrive at Guaymas about noon next Sunday.

BUILDING BEGUN

West Palm Beach, June 18.—A gold spike, binding the first rail laid in the new Palm Beach and Everglades railway, which is to tap the Everglades section south from Palm Beach, was driven yesterday by President Chas. ORANGE SPRINGS

Orange Springs, June 15.—Mr. Y. J. Apel's family expect to leave here this week for St. Petersburg. All regret to see them go.

Mr. Crandall will move into the building vacated by Mrs. Apel and children. The store will be used as a residence, not as a place of business.

The postoffice was moved last Saturday to the store of Mr. J. B. Hall. Miss Ethel Hall is now assistant to the postmaster.

Mr. C. J. Rast made a trip to Palatka last week. He and some friends went down the Oklawaha in his launch. It was a very pleasant trip.

We hear that several families from neighboring towns are coming here to camp for the summer. No more delightful or healthful places could be found. Plenty of shade, good drinking water, fine bathing, no mosquitoes and no malaria. We can not see why the people from malaria infested districts do not flock here. Also the water here is said to be a sure cure for rheumatism.

Miss Jennie Carter spent last Thursday night in Rodman visiting the family of Rev. York. Rev. W. D. Upshaw of Atlanta is holding a revival in Rodman. He is a fine speaker and much interest is being shown in the meeting.

Saturday afternoon, June 19th, at the home of Miss Jennie Carter, Mrs. Carolyn H. Moorhead will give a canning demonstration. Mrs. Moorhead is at the head of the canning clubs in this county. All people who
